1 The Mississippi "Tax Increment Financing Act", Title 21, Chapter 45, Mississippi Code of 1972, as amended (the "Act"), authorizes municipalities and counties in the State of Mississippi to undertake and carry out redevelopment projects, as defined therein, with the use of Tax Increment Financing ("TIF"), and also to carry out such projects jointly with other local governmental units pursuant to the Interlocal Cooperation Act, Title 17, Chapter 13, Mississippi Code of 1972, as amended (the "Interlocal Act")

2 Nature's Golf, LLC (the "Developer") has proposed an economic development project consisting of a new golf course and related amenities (the "Project") The Project appears to be a project of major economic significance within the Municipality and the County and to qualify as a project eligible for TIF under the Act, and the participation on the part of the Municipality and the County is necessary and would be in the public interest and would benefit the economic and financial well-being and the public health, safety and welfare of the Municipality and the County

3 The Municipality desires to issue its Tax Increment Financing Revenue Bonds (the "Bonds") in a maximum principal to pay the cost of constructing various infrastructure improvements supporting the Project, which may include but are not limited to, installation, rehabilitation and/or relocation of utilities such as water, sanitary sewer, construction, renovation, or rehabilitation of drainage improvements, roadways, curbs and gutters, sidewalks, on-site parking, relocation of electrical lines, lighting, traffic signalization, landscaping of rights-of-way, related architectural/engineering fees, attorneys' fees, Redevelopment Plan preparation fees, TIF Plan preparation fees, issuance costs, capitalized interest, and other related soft costs (the "Infrastructure Improvements")

5 The Developer intends to acquire and construct all or a portion of the Infrastructure Improvements at its expense to facilitate the development of the Project, based on the anticipation that TIF moneys will be available in the future. Upon establishment of the TIF District and the approval of the inclusion of the TIF Plan as a part of the Redevelopment Plan, the Municipality wishes to issue its TIF Bonds for the Infrastructure Improvements, including without limitation the reimbursement to the Developer for certain expenses regarding the Infrastructure Improvements. The TIF Bonds will be secured solely by a pledge of that portion of the increase in ad valorem taxes on real and personal property within the TIF District. The TIF Bonds shall never constitute an indebtedness of the Municipality or the County within the meaning of any state constitutional provision or statutory limitation and shall never constitute or give rise to a pecuniary liability of the Municipality or the County, other than from the sources set forth herein, or a charge against its general credit or taxing powers.

6 The County desires to go forward with preparation for the approval of a TIF Plan and the approval of an Interlocal Agreement with the Municipality regarding the issuance of the TIF Bonds.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD, ACTING FOR AND ON BEHALF OF THE COUNTY, AS FOLLOWS

2 01 General

A Owner shall have the responsibilities set forth herein and in Exhibit B

B Owner shall pay Engineer as set forth in Exhibit C

C Owner shall be responsible for, and Engineer may rely upon, the accuracy and completeness of all requirements, programs, instructions, reports, data, and other information furnished by Owner to Engineer pursuant to this Agreement. - B If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer's services is impaired, or Engineer's services are delayed or suspended, then the time for completion of Engineer's services and the rates and amounts of Engineer's compensation, shall be adjusted equitably
- C If Owner authorizes changes in the scope, extent, or character of the Project, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, shall be adjusted equitably

5 01 *Opinions of Probable Construction Cost*

- A Engineer's opinions of probable Construction Cost are to be made on the basis of Engineer's experience and qualifications and represent Engineer's best judgment as an experienced and qualified professional generally familiar with the construction industry. However, since Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors' methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual Construction Cost will not vary from opinions of probable Construction Cost prepared by Engineer. If Owner wishes greater assurance as to probable Construction Cost, Owner shall employ an independent cost estimator as provided in Exhibit B.

5 02 *Designing to Construction Cost Limit*

6 01 *Standards of Performance*

- A The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise in connection with Engineer's services.
- B Owner shall not be responsible for discovering deficiencies in the technical accuracy of Engineer's services. Engineer shall correct any such deficiencies in technical accuracy without additional compensation except to the extent such corrective action is directly attributable to deficiencies in Owner-furnished information.
- C Engineer may retain such Consultants as Engineer deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive objections by Owner. The retention of such Consultants shall not reduce the Engineer's obligations to Owner under this Agreement.
- D Subject to the standard of care set forth in Paragraph 6 01 A, Engineer and its Consultants may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.
- E Engineer and Owner shall comply with applicable Laws and Regulations. Engineer shall comply with Owner-mandated standards that Owner has provided to Engineer in writing. This Agreement is based on these requirements as of its Effective Date. Changes to these requirements after the Effective Date of this Agreement may be the basis for modifications to Owner's responsibilities or to Engineer's scope of services, times of performance, and compensation.

- F Engineer shall not be required to sign any documents, no matter by whom requested, that would result in the Engineer having to certify, guarantee, or warrant the existence of conditions whose existence the Engineer cannot ascertain. Owner agrees not to make resolution of any dispute with the Engineer or payment of any amount due to the Engineer in any way contingent upon the Engineer signing any such documents
- G The General Conditions for any construction contract documents prepared hereunder are to be the "Standard General Conditions of the Construction Contract, Funding Agency Edition" as prepared by the Engineers Joint Contract Documents Committee (No C-710, 2002 Edition) unless both parties mutually agree to use other General Conditions by specific reference in Exhibit I
- H Engineer shall not at any time supervise, direct, or have control over Contractor's work, nor shall Engineer have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by Contractor, for security or safety at the Site, for safety precautions and programs incident to the Contractor's work in progress, nor for any failure of Contractor to comply with Laws and Regulations applicable to Contractor's furnishing and performing the Work.
- I Engineer neither guarantees the performance of any Contractor nor assumes responsibility for any Contractor's failure to furnish and perform the Work in accordance with the Contract Documents
- J Engineer shall not be responsible for the acts or omissions of any Contractor, subcontractor, or supplier, or of any of their agents or employees or of any other persons (except Engineer's own employees and its Consultants) at the Site or otherwise furnishing or performing any Work; or for any decision made on interpretations or clarifications of the Contract Documents given by Owner without consultation and advice of Engineer
- K All Contract Documents and Applications for Payment shall be subject to Agency concurrence

6.02 *Design without Construction Phase Services*

- A If Engineer's Basic Services under this Agreement do not include Project observation, or review of the Contractor's performance, or any other Construction Phase services then (1) Engineer's services under this Agreement shall be deemed complete no later than the end of the Bidding or Negotiating Phase, (2) Engineer shall have no design or shop drawing review obligations during construction, (3) Owner assumes all responsibility for the application and interpretation of the Contract Documents, contract administration, construction observation and review, and all other necessary Construction Phase engineering and professional services, and (4) Owner waives any claims against the Engineer that may be connected in any way thereto

6.03 *Use of Documents*

- A All Documents are instruments of service in respect to this Project, and Engineer shall retain an ownership and property interest therein (including the copyright and the right of reuse at the discretion of the Engineer) whether or not the Project is completed. Owner shall not rely in any way on any Document unless it is in printed form, signed or sealed by the Engineer or one of its Consultants
- B A party may rely that data or information set forth on paper (also known as hard copies) that the party receives from the other party by mail, hand delivery, or facsimile, are the items that the other party intended to send. Files in electronic media format of text, data, graphics, or other types that are furnished by one party to the other are furnished only for convenience not reliance by the receiving party. Any conclusion or information obtained or derived from such electronic files will be at the user's sole risk. If there is a discrepancy between the electronic files and the hard copies, the hard copies govern.
- C Because data stored in electronic media format can deteriorate or be modified inadvertently or otherwise without authorization of the data's creator, the party receiving electronic files agrees that it will perform acceptance tests or procedures within 60 days, after which the receiving party shall be deemed to have accepted the data thus transferred. Any transmittal errors detected within the 60-day acceptance period will be corrected by the party delivering the electronic files.

- D When transferring documents in electronic media format, the transferring party makes no representations as to long term compatibility, usability, or readability of documents resulting from the use of software application packages, operating systems, or computer hardware differing from those used by the documents' creator
- E Owner may make and retain copies of Documents for information and reference in connection with use on the Project by Owner. Engineer grants Owner a license to use the Documents on the Project, extensions of the Project, and other projects of Owner, subject to the following limitations: (1) Owner acknowledges that such Documents are not intended or represented to be suitable for use on the Project unless completed by Engineer, or for use or reuse by Owner or others on extensions of the Project or on any other project without written verification or adaptation by Engineer; (2) any such use or reuse, or any modification of the Documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at Owner's sole risk and without liability or legal exposure to Engineer or to Engineer's Consultants; (3) Owner shall indemnify and hold harmless Engineer and Engineer's Consultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification without written verification, completion, or adaptation by Engineer; and (4) such limited license to Owner shall not create any rights in third parties.
- F If Engineer at Owner's request verifies or adapts the Documents for extensions of the Project or for any other project, then Owner shall compensate Engineer at rates or in an amount to be agreed upon by Owner and Engineer.

6.04 Insurance

- A. Engineer shall procure and maintain insurance as set forth in Exhibit G, "Insurance." Engineer shall cause Owner to be listed as an additional insured on any applicable general liability insurance policy carried by Engineer.
- B. Owner shall procure and maintain insurance as set forth in Exhibit G, "Insurance." Owner shall cause Engineer and Engineer's Consultants to be listed as additional insureds on any general liability or property insurance policies carried by Owner which are applicable to the Project.
- C. Owner shall require Contractor to purchase and maintain general liability and other insurance in accordance with the requirements of paragraph 5.04 of the "Standard General Conditions of the Construction Contract, Funding Agency Edition," (No. C-710, 2002 Edition) as prepared by the Engineers Joint Contract Documents Committee and to cause Engineer and Engineer's Consultants to be listed as additional insureds with respect to such liability and other insurance purchased and maintained by Contractor for the Project.
- D. Owner and Engineer shall each deliver to the other certificates of insurance evidencing the coverages indicated in Exhibit G. Such certificates shall be furnished prior to commencement of Engineer's services and at renewals thereafter during the life of the Agreement.
- E. All policies of property insurance relating to the Project shall contain provisions to the effect that Engineer's and Engineer's Consultants' interests are covered and that in the event of payment of any loss or damage the insurers will have no rights of recovery against Engineer or its Consultants, or any insureds or additional insureds thereunder.
- F. At any time, Owner may request that Engineer or its Consultants, at Owner's sole expense, provide additional insurance coverage, increased limits, or revised deductibles that are more protective than those specified in Exhibit G. If so requested by Owner, and if commercially available, Engineer shall obtain and shall require its Consultants to obtain such additional insurance coverage, different limits, or revised deductibles for such periods of time as requested by Owner, and Exhibit G will be supplemented to incorporate these requirements.

6.05 Suspension and Termination

A. Suspension

- 1. By Owner. Owner may suspend the Project upon seven days written notice to Engineer.

- 2 By Engineer If Engineer's services are substantially delayed through no fault of Engineer, Engineer may, after giving seven days written notice to Owner, suspend services under this Agreement.

B Termination. The obligation to provide further services under this Agreement may be terminated.

1 For cause,

- a By either party upon 30 days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party
- b By Engineer
 - 1) upon seven days written notice if Owner demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional, or
 - 2) upon seven days written notice if the Engineer's services for the Project are delayed or suspended for more than 90 days for reasons beyond Engineer's control.
 - 3) Engineer shall have no liability to Owner on account of such termination.
- c Notwithstanding the foregoing, this Agreement will not terminate under paragraph 6 05.B 1 a if the party receiving such notice begins, within seven days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30 day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein shall extend up to, but in no case more than, 60 days after the date of receipt of the notice

2 For convenience,

- a By Owner effective upon Engineer's receipt of notice from Owner

C Effective Date of Termination. The terminating party under paragraph 6 05.B may set the effective date of termination at a time up to 30 days later than otherwise provided to allow Engineer to demobilize personnel and equipment from the Site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble Project materials in orderly files

D Payments Upon Termination.

- 1 In the event of any termination under paragraph 6 05, Engineer will be entitled to invoice Owner and to receive payment for all acceptable services performed or furnished and all Reimbursable Expenses incurred through the effective date of termination.
- 2 In the event of termination by Owner for convenience or by Engineer for cause, Engineer shall be entitled, in addition to invoicing for those items identified in paragraph 6 05 D 1, to invoice Owner and to payment of a reasonable amount for services and expenses directly attributable to termination, both before and after the effective date of termination, such as reassignment of personnel, costs of terminating contracts with Engineer's Consultants, and other related close-out costs, using methods and rates for Additional Services as set forth in Exhibit C

E Delivery of Project Materials to Owner Prior to the effective date of termination, the Engineer will deliver to Owner copies of all completed Documents and other Project materials for which Owner has compensated Engineer. Owner's use of any such Documents or Project materials shall be subject to the terms of Paragraph 6 03

6 06 *Controlling Law*

- A This Agreement is to be governed by the law of the state in which the Project is located, its conflict of laws provisions excepted.

6 07 *Successors, Assigns, and Beneficiaries*

- A. Owner and Engineer each is hereby bound and the partners, successors, executors, administrators and legal representatives of Owner and Engineer (and to the extent permitted by paragraph 6 07.B the assigns of Owner and Engineer) are hereby bound to the other party to this Agreement and to the partners, successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.
- B Neither Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, moneys that are due or may become due) in this Agreement without the written consent of the other, except to the extent that any assignment, subletting, or transfer is mandated or restricted by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.
- C Unless expressly provided otherwise in this Agreement:
- 1 Nothing in this Agreement shall be construed to create, impose, or give rise to any duty owed by Owner or Engineer to any Contractor, Contractor's subcontractor, supplier, other individual or entity, or to any surety for or employee of any of them.
 - 2 All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of Owner and Engineer and not for the benefit of any other party.
 - 3 Owner agrees that the substance of the provisions of this paragraph 6 07 C shall appear in the Contract Documents.

6 08 *Dispute Resolution*

- A. Owner and Engineer agree to negotiate all disputes between them in good faith for a period of 30 days from the date of notice prior to invoking the procedures of Exhibit H or other provisions of this Agreement, or exercising their rights under law.
- B If the parties fail to resolve a dispute through negotiation under paragraph 6 08.A, then either or both may invoke the procedures of Exhibit H. If Exhibit H is not included, or if no dispute resolution method is specified in Exhibit H, then the parties may exercise their rights under law.

6 09 *Environmental Condition of Site*

- A Owner has disclosed to Engineer in writing the existence of all known and suspected Asbestos, PCBs, Petroleum, Hazardous Waste, Radioactive Material, hazardous substances, and other Constituents of Concern located at or near the Site, including type, quantity, and location.
- B Owner represents to Engineer that to the best of its knowledge no Constituents of Concern, other than those disclosed in writing to Engineer, exist at the Site.
- C If Engineer encounters an undisclosed Constituent of Concern, then Engineer shall notify (1) Owner and (2) appropriate governmental officials if Engineer reasonably concludes that doing so is required by applicable Laws or Regulations.

- D It is acknowledged by both parties that Engineer's scope of services does not include any services related to Constituents of Concern. If Engineer or any other party encounters an undisclosed Constituent of Concern, or if investigative or remedial action, or other professional services, are necessary with respect to disclosed or undisclosed Constituents of Concern, then Engineer may, at its option and without liability for consequential or any other damages, suspend performance of services on the portion of the Project affected thereby until Owner (1) retains appropriate specialist consultant(s) or contractor(s) to identify and, as appropriate, abate, remediate, or remove the Constituents of Concern, and (2) warrants that the Site is in full compliance with applicable Laws and Regulations
- E If the presence at the Site of undisclosed Constituents of Concern adversely affects the performance of Engineer's services under this Agreement, then the Engineer shall have the option of (1) accepting an equitable adjustment in its compensation or in the time of completion, or both, or (2) terminating this Agreement for cause on 30 days notice
- F Owner acknowledges that Engineer is performing professional services for Owner and that Engineer is not and shall not be required to become an "arranger," "operator," "generator," or "transporter" of hazardous substances, as defined in the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, which are or may be encountered at or near the Site in connection with Engineer's activities under this Agreement.

6 10 *Indemnification and Mutual Waiver*

- A *Indemnification by Engineer* To the fullest extent permitted by law, Engineer shall indemnify and hold harmless Owner, and Owner's officers, directors, partners, agents, consultants, and employees from and against any and all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court, arbitration, or other dispute resolution costs) arising out of or relating to the Project, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to damage to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Engineer or Engineer's officers, directors, partners, employees, or Consultants

- C. In the event that the Work designed or specified by Engineer is to be performed or furnished under more than one prime contract, or if Engineer's services are to be separately sequenced with the work of one or more prime Contractors (such as in the case of fast-tracking), Owner and Engineer shall, prior to commencement of the Final Design Phase, develop a schedule for performance of Engineer's services during the Final Design, Bidding or Negotiating, Construction, and Post-Construction Phases in order to sequence and coordinate properly such services as are applicable to the work under such separate prime contracts. This schedule is to be prepared and included in or become an amendment to Exhibit A whether or not the work under such contracts is to proceed concurrently
- D. The number of prime contracts for Work designed or specified by Engineer upon which the Engineer's compensation has been established under this Agreement is one. If more prime contracts are awarded, Engineer shall be entitled to an equitable increase in its compensation under this Agreement.

A.1 04 *Bidding or Negotiating Phase*

- A. After acceptance by Owner and Agency of the Bidding Documents and the most recent opinion of probable Construction Cost as determined in the Final Design Phase, and upon written authorization by Owner to proceed, Engineer shall
- 1 Assist Owner in advertising for and obtaining bids or proposals for the Work and, where applicable, maintain a record of prospective bidders to whom Bidding Documents have been issued, attend pre-Bid conferences, if any, and receive and process contractor deposits or charges for the Bidding Documents

- B The Bidding or Negotiating Phase will be considered complete upon commencement of the Construction Phase or upon cessation of negotiations with prospective contractors (except as may be required if Exhibit F is a part of this Agreement)

A.1 05 Construction Phase

- A Upon successful completion of the Bidding and Negotiating Phase, and upon written authorization from Owner, Engineer shall.
- 1 *General Administration of Construction Contract.* Consult with Owner and act as Owner's representative as provided in the General Conditions. The extent and limitations of the duties, responsibilities, and authority of Engineer as assigned in the General Conditions shall not be modified, except as Engineer may otherwise agree in writing. All of Owner's instructions to Contractor will be issued through Engineer, which shall have authority to act on behalf of Owner in dealings with Contractor to the extent provided in this Agreement and the General Conditions except as otherwise provided in writing
 - 2 *Resident Project Representative (RPR)* Unless otherwise notified in writing by Owner, Engineer shall provide the services of Resident Project Representative (RPR) at the Site to assist Engineer and to provide more continuous observations of such work on a full-time basis unless part-time services are expressly approved by Agency and this Agreement is amended accordingly. Engineer will, prior to the pre-construction conference, submit a resume of the RPR's qualifications for approval by Owner and Agency. The duties, responsibilities, and limitations of authority of the RPR are as set forth in Exhibit D. The furnishing of such Resident Project Representative service will not limit, extend, or modify Engineer's responsibilities or authority except as expressly set forth in Exhibit D
 - 3 *Selecting Independent Testing Laboratory* Assist Owner in the selection of an independent testing laboratory to perform the services identified in Exhibit B, paragraph B 2 01 O
 - 4 *Pre-Construction Conference.* Participate in a Pre-Construction Conference prior to commencement of Work at the Site. If RPR services are provided by Engineer, ensure RPR attends Pre-Construction Conference
 - 5 *Schedules* Receive, review, and determine the acceptability of any and all schedules that Contractor is required to submit to Engineer, including the Progress Schedule, Schedule of Submittals, and Schedule of Values.
 - 6 *Baselines and Benchmarks.* As appropriate, establish baselines and benchmarks for locating the Work which in Engineer's judgment are necessary to enable Contractor to proceed.

- 7 *Visits to Site and Observation of Construction.* In connection with observations of Contractor's Work while it is in progress
- a. Make visits to the Site at intervals appropriate to the various stages of construction, as Engineer deems necessary, but at least monthly, to observe as an experienced and qualified design professional the progress and quality of Contractor's executed Work. Such visits and observations by Engineer, and the Resident Project Representative, if any, are not intended to be exhaustive or to extend to every aspect of Contractor's Work in progress or to involve detailed inspections of Contractor's Work in progress beyond the responsibilities specifically assigned to Engineer in this Agreement and the Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment as assisted by the Resident Project Representative, if any. Based on information obtained during such visits and observations, Engineer will determine in general if the Work is proceeding in accordance with the Contract Documents, and Engineer shall keep Owner informed of the progress of the Work.
 - b. The purpose of Engineer's visits to, and representation by the Resident Project Representative, if any, at the Site, will be to enable Engineer to better carry out the duties and responsibilities assigned to and undertaken by Engineer during the Construction Phase, and, in addition, by the exercise of Engineer's efforts as an experienced and qualified design professional, to provide for Owner a greater degree of confidence that the completed Work will conform in general to the Contract Documents and that Contractor has implemented and maintained the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents. Engineer shall not, during such visits or as a result of such observations of Contractor's Work in progress, supervise, direct, or have control over Contractor's Work, nor shall Engineer have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by Contractor, for security or safety on the Site, for safety precautions and programs incident to Contractor's Work, nor for any failure of Contractor to comply with Laws and Regulations applicable to Contractor's furnishing and performing the Work. Accordingly, Engineer neither guarantees the performance of any Contractor nor assumes responsibility for any Contractor's failure to furnish and perform the Work in accordance with the Contract Documents.
- 8 *Defective Work.* Recommend to Owner that Contractor's Work be rejected while it is in progress if, on the basis of Engineer's observations, Engineer believes that such Work will not produce a completed Project that conforms generally to the Contract Documents or that it will threaten the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents.
- 9 *Clarifications and Interpretations, Field Orders.* Issue necessary clarifications and interpretations of the Contract Documents as appropriate to the orderly completion of Contractor's work. Such clarifications and interpretations will be consistent with the intent of and reasonably inferable from the Contract Documents. Engineer may issue Field Orders authorizing minor variations in the Work from the requirements of the Contract Documents.
- 10 *Change Orders and Work Change Directives.* Recommend Change Orders and Work Change Directives to Owner, as appropriate, and prepare Change Orders and Work Change Directives as required.
- 11 *Shop Drawings and Samples.* Review and approve or take other appropriate action in respect to Shop Drawings and Samples and other data which Contractor is required to submit, but only for conformance with the information given in the Contract Documents and compatibility with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any Contractor's submittal schedule that Engineer has accepted.
- 12 *Substitutes and "or-equal."* Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor, but subject to the provisions of paragraph A.2.01.A.23 of this Exhibit A.

- 13 *Inspections and Tests* Require such special inspections or tests of Contractor's work as deemed reasonably necessary, and receive and review all certificates of inspections, tests, and approvals required by Laws and Regulations or the Contract Documents. Engineer's review of such certificates will be for the purpose of determining that the results certified indicate compliance with the Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Contract Documents. Engineer shall be entitled to rely on the results of such tests.
- 14 *Disagreements between Owner and Contractor* Render formal written decisions on all duly submitted issues relating to the acceptability of Contractor's work or the interpretation of the requirements of the Contract Documents pertaining to the execution, performance, or progress of Contractor's Work, review each duly submitted Claim by Owner or Contractor, and in writing either deny such Claim in whole or in part, approve such Claim, or decline to resolve such Claim if Engineer in its discretion concludes that to do so would be inappropriate. In rendering such decisions, Engineer shall be fair and not show partiality to Owner or Contractor and shall not be liable in connection with any decision rendered in good faith in such capacity.
- 15 *Applications for Payment* Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation.
- a Determine the amounts that Engineer recommends Contractor be paid. Such recommendations of payment will be in writing and will constitute Engineer's representation to Owner, based on such observations and review, that, to the best of Engineer's knowledge, information and belief, Contractor's Work has progressed to the point indicated, the quality of such Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Contract Documents, and to any other qualifications stated in the recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe Contractor's Work. In the case of unit price work, Engineer's recommendations of payment will include final determinations of quantities and classifications of Contractor's Work (subject to any subsequent adjustments allowed by the Contract Documents).
 - b By recommending any payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of Contractor's Work as it is performed and furnished have been exhaustive, extended to every aspect of Contractor's Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Contract Documents. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control Contractor's Work in progress or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or Contractor's compliance with Laws and Regulations applicable to Contractor's furnishing and performing the Work. It will also not impose responsibility on Engineer to make any examination to ascertain how or for what purposes Contractor has used the moneys paid on account of the Contract Price, or to determine that title to any portion of the Work in progress, materials, or equipment has passed to Owner free and clear of any liens, claims, security interests, or encumbrances, or that there may not be other matters at issue between Owner and Contractor that might affect the amount that should be paid.
- 16 *Contractor's Completion Documents* Receive, review and transmit to Owner maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Contract Documents, certificates of inspection, tests and approvals, Shop Drawings, Samples and other data approved as provided under paragraph A 1 05 A 11, and the annotated record documents which are to be assembled by Contractor in accordance with the Contract Documents to obtain final payment. The extent of such review by Engineer will be limited as provided in paragraph A 1 05 A 11.
- 17 *Substantial Completion*. Promptly after notice from Contractor that Contractor considers the entire Work ready for its intended use, in company with Owner, the Agency's representative, and Contractor, conduct a pre-final

inspection to determine if the Work is substantially complete. If after considering any objections of Owner, Engineer considers the Work substantially complete, Engineer shall deliver a certificate of Substantial Completion to Owner, Agency, and Contractor.

- 18 *Record Drawings* Prepare and furnish to Owner a set of reproducible Project Record Drawings showing appropriate record information based on Record Drawing information from Contractor and Project documentation received from RPR.
- 19 *Additional Tasks* Perform or provide the following additional Construction Phase tasks or deliverables
- 20 *Final Notice of Acceptability of the Work* In company with Owner's and Agency's representative, conduct a final inspection to determine if the completed Work of Contractor is acceptable so that Engineer may recommend, in writing, final payment to Contractor. Accompanying the recommendation for final payment, Engineer shall also provide a notice in the form attached hereto as Exhibit E (the "Notice of Acceptability of Work") that the Work is acceptable (subject to the provisions of paragraph A.1.05.A.15 b) to the best of Engineer's knowledge, information, and belief and based on the extent of the services provided by Engineer under this Agreement.

- B *Duration of Construction Phase* The Construction Phase will commence with the execution of the first construction Contract for the Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to Contractors. If the Project involves more than one prime contract as indicated in paragraph A.1.03 C, Construction Phase services may be rendered at different times in respect to the separate contracts. Subject to the provisions of Article 3, Engineer shall be entitled to an equitable increase in compensation if Construction-Phase services are required after the original date for final completion of the Work as set forth in the construction Contract.
- C *Limitation of Responsibilities* Engineer shall not be responsible for the acts or omissions of any Contractor, or of any subcontractors, suppliers, or other individuals or entities performing or furnishing any of the Work. Engineer shall not be responsible for the failure of any Contractor to perform or furnish the Work in accordance with the Contract Documents.

A.1.06 Post-Construction Phase

- A Upon written authorization from Owner, Engineer, during the Post-Construction Phase, shall
- 1 Provide assistance in connection with the adjusting of Project equipment and systems

RE Clay County 2014 Annual Maintenance Inspection

Gentlemen

Enclosed is a copy of the report of the Annual Maintenance Inspection which was conducted on October 7, 2014. Several items of maintenance are listed. Please review this report along with the comprehensive bridge inspection report prepared by your County Engineer and include these recommendations in your maintenance program.

Maintenance continues to be in need of improvement in several parts of the County. Maintenance items from previous reports are still not addressed. Failure to improve maintenance on existing projects can result in suspension of State Aid and other funding to the County until maintenance issues are addressed.

Should you have questions or comments concerning this report, please do not hesitate to contact us. I look forward to working with you on your State Aid Program.

Sincerely,

H Carey Webb, P E

MAINTENANCE INSPECTION REPORT
OFFICE OF STATE AID ROAD CONSTRUCTION
MISSISSIPPI DEPARTMENT OF TRANSPORTATION

CLAY COUNTY

DATE OF THE INSPECTION: October 7, 2014

J D Jackson, P E , State Aid District Engineer

Give a general narrative description of the maintenance of the surface, shoulders, slopes, ditches, drainage structures, right-of-way, and bridges on all the State Aid projects in the County

Surface maintenance is required on several roads as listed. Shoulders and slopes were generally in acceptable condition. Mowing and clearing of right of way needs improving in several districts, along with cleaning out around bridges and box culverts. Several box bridges need the silt cleaned out of the barrels and aprons and rip rap added at aprons. Missing hazard markers at bridges need to be replaced immediately, and hazard markers leaning, low, or covered up by vegetation need to be addressed. Fences and electric fences on right of way should be removed immediately. Brick mailbox supports located in the roadway clear zone are a hazard and should be removed and/or relocated. No State Aid or Federal Aid funds can be expended on roads with non-conforming mailbox supports until that support is removed. Improvement in maintenance is noted in District 5.

A Items requiring immediate attention

Replace missing, damaged or faded road signs
Replace missing hazard markers at bridges
County needs to address brick and non-conforming mailbox supports in the roadway clear zone
Remove fences and electric fences from project rights of way
Remove drift at bridge on Billy White Road

APPROVAL. This document will serve as a sales contract and is subject in all respects to approval and acceptance by Magnolia Business Systems, Inc. and when accepted is binding upon both parties. The equipment mentioned remains property of Magnolia Business unless buyout is exercised at rental end.

CONDITIONS Under this agreement, it is understood that Magnolia Business Systems, Inc. will rent the listed equipment. During this time, Magnolia Business Systems, Inc. will perform maintenance as outlined in the terms and conditions of a separate machine service agreement.

SECURITY INTEREST It is expressly agreed that buyer hereby grants to Magnolia Business Systems, Inc. a security interest in and to all supplies, machines and equipment, including the proceeds thereof covered by this sales contract until full payment of the purchase price for such items has been made to Magnolia Business Systems, Inc. This document shall constitute a security agreement and authorizes the filing of a financing statement which Magnolia Business Systems, Inc. deems desirable to protect security interest herein, and does further authorize the filing of any securing documents such as a Uniform Commercial Code (UCC) document with the state and recording of this sales contract or any financing statement or other document in connection with buyer's signature thereon as Magnolia Business Systems, Inc. may deem necessary.

LOSS. Loss or damage to said items by fire, theft, misuses or otherwise while in possession of buyer shall not relieve buyer from making all payments due.

ENTIRE AGREEMENT This instrument constitutes the entire agreement of the parties and neither party shall be bound exempt in accordance herewith. NO ORAL REPRESENTATION OR ASSURANCES in any way modify or explain any of the terms and conditions herein.

TAXES Any taxes or fees imposed by any federal, state, municipal or other government authority that may be applicable to the production, sale, use, storage, delivery or transportation of the goods together with all duties, tariffs and brokerage charges shall be added to the price and paid by the buyer except where the buyer shall have provided a property certificate of exemption thereon. Purchaser shall be responsible for the payment of such taxes and fees even if all or any part thereof has not been added to the invoice price.

CREDIT Magnolia Business Systems, Inc. reserves the right to alter or suspend credit or to change any credit terms provided for in this order when in sole discretion the financial condition of the buyer so warrants in any such case. Magnolia Business Systems, Inc. may require cash payments or additional security from buyer before shipment, may accelerate the date of any payment and may withhold any shipment or further shipments and cancel any unfilled orders.

PERIOD OF AGREEMENT AND CANCELLATION Under this Rental Agreement agreement, the agreed full term price of the Rental Agreement is the sum due. The establishment of monthly installment payments are simply a convenience to the customer, and upon cancellations prior to the period on the face of this agreement, the customer remains obligated for the balance of the installment payments. Customer is responsible for the full contract price regardless of early cancellation.

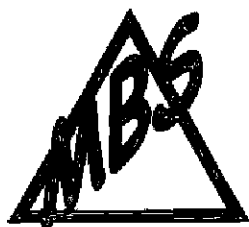

CONTRACT FEES Magnolia Business Systems, Inc. will charge \$75.00 (Seventy Five dollars) on the first invoice for filing and administration costs associated with set-up of your account. Contract shall continue in effect with services by Contractor to be reinstated at such time as Customer's current balance (including amounts due to paid in full).

3. Rate Adjustments. Since disposal and fuel costs are a significant portion of the cost of the contractor's service provided hereunder Contractor may increase the rates proportionately to adjust for any increases in such costs. Contractor may also adjust rates due to changes in transportation costs due to changes in disposal facilities; due to increases in the average weight per cubic yard of Customer's waste material, or due to changes in Federal, State or Local regulations which are applicable to the Contractor's operations. Customer agrees that the service charge may be increased from time to time to reflect increases in Consumer Price Index. Contractor may adjust rates for reasons other than those set forth above only with the consent of the Customer.

4. Term. This agreement shall extend for a minimum period of three (3) years from the beginning date of service, and shall be automatically renewed for successive three (3) year terms unless either party shall give written notice of termination (Certified Mail) to the other at least sixty (60) days prior to the termination date. If Customer terminates this agreement during the initial term, or waives termination due to non-payment, Customer will pay as liquidated damages, and not as a penalty the amount of Customer's most recent monthly charge multiplied by five (5) or the remaining number of months in the current term whichever is less. If Customer terminates this agreement in a renewal term he/she will pay as liquidated damages, and not as a penalty the amount of Customer's most recent monthly charge multiplied by six (6) or the remaining number of months in such renewal term, whichever is less. Contractor agrees that if Customer goes out of business, and no longer requires any collection and disposal services for its waste materials due to the business closing, Customer may terminate this agreement upon written notice given to the Contractor at least sixty (60) days prior to the intended termination date, upon payment of all amounts due to Contractor.

5. Sole and Exclusive Hauling Contract. Because the Contractor has committed significant financial resources toward fulfilling its obligation as a hauler of solid waste under this Contract, Customer agrees as a condition of this Contract that during the initial term of this Contract or any renewals or extensions thereof Contractor shall be the sole and exclusive hauler of the Customer's solid waste (and related services if the hauler provides that service).

6. Waste Material. The Customer shall not place in the Equipment, or otherwise include in any waste to be collected and hauled by Contractor and Contractor shall not be required to accept, and may return to the Customer at the Customer's expense, waste which is in any way radio-active, reactive, toxic, ignitable, corrosive, pathologic, acidic, or otherwise listed as hazardous under federal, state, other applicable laws, rules, and regulations. Title to and liability for any waste included above shall remain with Customer and Customer expressly agrees to defend, indemnify, and hold harmless from and against any and all damages, penalties, fines and liabilities resulting from or arising out of such waste excluded above. All overloaded containers must be unloaded to either the proper height and/or weight by the customer. Fines would be the responsibility of the Customer.

7. Default and Remedies. Neither Party shall be in default hereunder if its non-performance is by reason of delays or circumstances beyond the party's control including, but not limited to compliance with any Federal, state or local law, rule or regulation, act of God, fires, storms, work stoppages or delays strikes or other labor disputes, transportation embargoes or delays, or inability to obtain materials, labor or equipment or transportation.

8. Customer's Duties. The container shall be in the possession and control of the Customer. Customer shall be responsible for the cleanliness and safekeeping of the containers. Customer agrees to hold harmless and indemnify Contractor against all claims, lawsuits and any other liability for injury to persons or damage to property arising out of the possession or use of the containers by the Customer. All containers furnished by the Contractor for use by the Customer shall remain the property of the Contractor and the Customer shall have no right, title or interest in them. Customer shall not make any alterations or improvements without prior written consent of the Contractor. Customer shall not overload the containers, nor use them for incineration purposes, and shall be liable to Contractor for loss or damage in excess of reasonable wear and tear. Customer shall provide unobstructed access to the container. If the container is not accessible, Customer shall be notified and an additional pickup charge may be imposed.

9. Payment Damage. Contractor shall not be responsible for damage to Customer's pavement or other driving surface resulting from the weight of Contractor's vehicles servicing the equipment location designated by Customer.

10. Changes. Changes in the Schedule of Charges, frequency of collection service, capacity and type of equipment may be agreed to orally or in writing by the parties. Consent to oral changes shall be evidenced by the actions and practices of the parties.

11. Attorney's Fees. In the event of a breach of this Agreement by either party, the breaching party shall pay all reasonable attorney's fees, collection fees and cost of the other party incident to any action brought to enforce this agreement.

12. Entire Agreement. This Agreement is the entire Agreement of the parties and binds them, their heirs, successors and assigns and may be modified only by a written instrument signed by both parties. No waiver of any breach of this Agreement shall be deemed a waiver of a later breach of similar or like nature. The titles to the sections of this Agreement have been assigned for convenience only and shall not limit, define or effect the substantive terms.

**IN THE MATTER OF AUTHORIZING AND APPROVING THE CLAY
COUNTY CORONER TO PARK THE CORONER'S 2015 SUBURBAN AT HIS HOME
INSTEAD OF THE SHERIFF'S DEPARTMENT**

There came on this day for consideration the matter of authorizing and approving the Clay County Coroner to park the Coroner's 2015 suburban at his home instead of the Sheriff's Department.

It appears to this Board that this Board had previously ordered for the Coroner to park the 2015 Suburban at the Sheriff's Department which becomes an inconvenience for the Coroner and delays response time to death calls due to him having to come into town to get in the county owned suburban parked at the Sheriff's Department in order to respond to calls, and,

It appears to this Board after talking with Eddie Smith of the Office of State Auditor's office as attached hereto as Exhibit A, there is no conflict if the Coroner uses the county owned suburban to commute from home to a crime scene

THEREFORE, after motion by Floyd McKee and second by R. B Davis this Board doth vote unanimously to declare the Coroner's home as a neutral location and further authorizes the Coroner to park the county owned 2015 Suburban at his home and upon receiving death calls he will respond from his home in the County suburban.

Amy Berry – Coroner Vehicle – March 26, 2015

I have attached two opinions regarding a coroner having a second job that may be helpful. When we were discussing a "neutral location", that would be a location owned by the county. So a home would not be considered a neutral location.

However, the coroner could use the county-owned vehicle to commute from home to a crime scene or any other function of his duties as coroner. But he could not use the vehicle to commute to his second job (funeral home).

This is not an official advisory opinion. However, I hope the information is helpful.

Subject Coroner Vehicle

Eddie,

I hope you are well. I have a question. A while back the Board had called and inquired about the parking of a County Suburban for the Coroner's office. The Board had budgeted and authorized the purchase of a Suburban for the Coroner who also owns a funeral home in town. In the conversation, you recommended the vehicle be parked at a neutral location, such as the Sheriff's Department or other County property. Additionally, you did reiterate to the Board, the County Suburban did not need to be parked at his personal business (funeral home).

My question is this: would his home be considered a neutral location? The purpose being it would be more convenient for the Coroner to park at his home, so that, at night, or weekends, he did not have to come all the way back in town to get the vehicle and go to the call. It would be much more convenient for him on Coroner calls, to leave from his home in the County Vehicle to the coroner scene, and then return home to park the County vehicle. Furthermore, Supervisors and Sheriff's Deputies are allowed to take County vehicles home. And, the Coroner's Office is deemed a First Responder. Perceptionally, it's hard to differentiate why some can take home and some can't. Again, this is just a question that has been asked and I deferred to the best.

Thank you for your time and consideration!!!

Office of the Attorney General

State of Mississippi
Opinion No. 2009-00117
April 3, 2009

Re: Coroner's use of county vehicle

*1 Wayne Dowdy
Board Attorney
Pike County
Post Office Box 30
Magnolia, MS 39652

Dear Mr. Dowdy:
Attorney General Jim Hood received your request and assigned it to me for research and response.

Issue Presented

Can the coroner travel to and from his job at a community hospital in a county-owned vehicle on days when he will perform work as coroner/county medical examiner at the hospital?

Response

The coroner may use the county-owned vehicle to travel to the hospital to perform his official duties as coroner/county medical examiner. The coroner may not use the county-owned vehicle to travel to the hospital to perform the duties of his second job. The determination as to what is permissible or impermissible when there is a mixed purpose trip must be made on a case-by-case or trip-by-trip basis.

Background

The Pike County coroner is assigned a county-owned vehicle. The vehicle is used to travel to death investigations. In the vehicle, the coroner stores various items such as supplies, equipment, and clothing that are used in performing the coroner's duties.

The coroner has separate employment at the local community hospital that is partially owned by the county. The coroner is permitted the use of certain hospital facilities in order to perform his duties as coroner. The coroner "clocks out" as a hospital employee whenever he performs coroner duties.

Applicable Law and Discussion

This office recently addressed issues relating to the use of a coroner's county-owned vehicle in *MS AG Ops, Lambert* (June 20, 2008) & *Weaver* (Sept. 22, 2008). In the *Weaver* opinion, we stated:

We find no express statutory authority for a county or municipality to authorize the personal use of a county or municipal vehicle. This office has consistently opined that the personal use of a municipal or county vehicle is an impermissible donation. See *MS AG Op, Hood* (May 18, 1982). Personal use includes the use of a vehicle to travel to and from a part-time job, even when the employee is on call. *MS AG Op, Ferguson* (Aug. 7, 1998). Further, the "home rule" statutes expressly prohibit the granting of a donation, unless specifically authorized by another law. Miss. Code Ann. Sec. 21-17-5 and Sec. 19-3-40.

In contrast, the governing authorities of a county or municipality may authorize a vehicle to be driven home, if the governing authorities make a finding consistent with fact, that such use is in the best interest of the county or municipality MS AG Ops , Walman (July 25 1985) and Thomas (June 4, 1999) Similarly, there is express statutory authority which permits certified law enforcement officers to wear their official uniforms and to use their official firearms, while performing private security duties under certain circumstances Miss Code Ann. Sec 17-25-11 (Supp 2007) We are not aware of any statutory authority authorizing the use of a county or municipal vehicle by law enforcement or other public officials or employees in a private job or business, or to travel to and from a private job or business

Conclusion

*2 The board of supervisors is authorized to adopt a policy permitting a county-owned vehicle to be driven home by the coroner, if it makes the finding that such use is in the best interest of the county The determination as to what is permissible or impermissible when there is a mixed purpose use, such as that described herein, must be made on a case by case or trip by trip basis Any pecuniary benefit accruing to the coroner by such use may constitute an impermissible donation by the county and a violation of Section 25-4-105, which prohibits a public servant from using his public office for pecuniary benefit. You may wish to contact the Mississippi Ethics Commission in this regard.

Re Use of county vehicle to travel to private job

*1 Mr Lonnie Weaver
Lafayette County Coroner
300 North Lamar
Oxford MS 38655

Dear Mr Weaver

Attorney General Jim Hood received your request and assigned it to me for research and response

Issue Presented

May a county-owned vehicle be used by a coroner to travel to and from a private job?

Response

No A county-owned vehicle may not be used by a coroner to travel to and from a private job

Background

You reference our opinion to Chuck Lambert, dated June 20, 2008, and advise that most coroners must have private employment to supplement their income and support their families In addition, you state that coroners, like sheriffs, are subject to call and it is necessary to have equipment and supplies available in order to respond

Applicable Law and Discussion

As you noted in your request letter, the issue of the use of a county-owned vehicle by the coroner to travel to a private job was addressed in MS AG Op Lambert (June 20, 2008) In the Lambert opinion, we stated that such use would constitute an impermissible donation under the Mississippi Constitution and may be a violation of Section 25-4-101 et seq

We find no express statutory authority for a county or municipality to authorize the personal use of a county or municipal vehicle This office has consistently opined that the personal use of a municipal or county vehicle is an impermissible donation See MS AG Op , Hood (May 18, 1982) Personal use includes the use of a vehicle to travel to and from a part-time job, even when the employee is on call. MS AG Op , Ferguson (Aug 7, 1998) Further, the "home rule" statutes expressly prohibit the granting of a donation, unless specifically authorized by another law Miss Code Ann Sec 21-17-5 and Sec 19-3-40

In contrast, the governing authorities of a county or municipality may authorize a vehicle to be driven home if the governing authorities make a finding, consistent with fact, that such use is in the best interest of the county or municipality MS AG Ops , Walman (July 25, 1985) and Thomas (June 4, 1999) Similarly, there is express statutory authority which permits certified law enforcement officers to wear their official uniforms and to use their official firearms while performing private security duties under certain circumstances Miss Code Ann Sec 17-25-11 (Supp 2007) We are not aware of any statutory authority

authorizing the use of a county or municipal vehicle by law enforcement or other public officials or employees in a private job or business, or to travel to and from a private job or business

The county-owned vehicle may be left at the coroner's residence or other location, while the coroner travels to and performs a private job. Upon receiving a call, the coroner can travel to the location of the county vehicle and use the county vehicle to respond to the call.

*2 While we recognize that this arrangement is not as convenient to the coroner as such an arrangement, or something similar, is necessary in order to avoid an impermissible donation under the Mississippi Constitution. Such practice may also be necessary in order to avoid a violation of the conflict of interest provisions of Section 25-4-101 et seq. You may wish to consult with the Mississippi Ethics Commission in that regard. The Mississippi Ethics Commission is authorized by law to issue advisory opinions on conflict of interest matters.

Conclusion

It is the opinion of this office that a county-owned vehicle may not be used by a coroner to travel to and from a private job.

Very truly yours,

Jim Hood

**IN THE MATTER OF AUTHORIZING TO SPREAD ON THE MINUTES THE
GRAND JURY REPORT FOR THE APRIL CIRCUIT COURT TERM AND FURTHER
AUTHORIZES TO PURCHASE A VIDEO PROJECTION SYSTEM FOR COURT
ROOM NO 2**

There came on this day for consideration the matter of authorizing to spread on the minutes the Grand Jury Report for the April Circuit Court Term and further authorizes to purchase a video projection system for Court Room No 2

After motion by R. B Davis and second by Luke Lummus this Board authorizes to spread on the minutes the Grand Jury report from the April Circuit Court term as attached hereto as Exhibit A and further orders the Sheriff to get with the Information Technology Manager, Treva Hodge, to obtain quotes to purchase a video projection system for court room no 2 as noted in the report

SO ORDERED this the 30th day of April, 2015

President

STATE OF MISSISSIPPI

COUNTY OF CLAY

IN THE CIRCUIT COURT OF CLAY COUNTY

FINAL REPORT OF THE GRAND JURY

TO THE HONORABLE LEE COLEMAN

WE, the Grand Jury for the April, 2015 term of the Circuit Court of said County and State, having been duly empanelled, sworn and charged, having been reconvened April 6, 2015, and having now completed our deliberations, beg leave to submit to your honor this our Final Report

I

WE, the Grand Jury, consider it a privilege to have had the opportunity of serving the citizens of the County and wish to express our appreciation of the support of the officials and witnesses who appeared before this body

II

WE, the Grand Jury, have investigated the cases called to our attention by the District Attorney, Assistant District Attorneys, and County Attorney, and have returned true bills or no bills based on the evidence presented. We have been in session 4 days, and have examined 136 witnesses, have considered 135 cases, and have returned 103 true bills

III

Members of the Grand Jury have inspected the Tax Collectors books and find them neat and orderly and apparently well kept

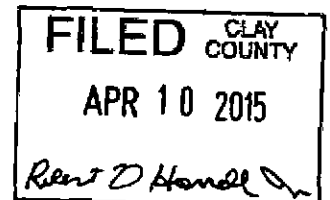

IV

We have inspected the County Jail and find it to be clean, neat, and the prisoners, apparently well-cared for

V

We believe that the statutorily allowed \$25 per day presently allowed to jurors is inadequate in today's economy. Consequently we would recommend that the legislation investigate the possibility of raising juror pay

149/115

We noted on the videos played for us by various narcotics offenses that the date displayed on the video rarely, if ever, matched the actual date of the transaction. We feel that this is a disparity that can be easily corrected, and would therefore recommend that all narcotics officers coordinate the date on the camera with the actual date of the event.

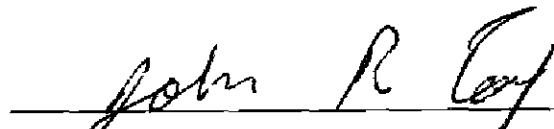

Further, we feel that technology has advanced to the point that personal video devices that can be worn by law enforcement officers are within reason and would resolve a multitude of problems. Accordingly, we would recommend that the city and county invest in such devices as soon as possible.

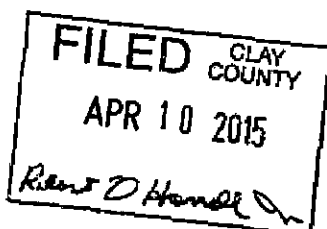

VI

There is attached hereto and made part thereof a report of the Chancery Clerk of the County showing that all monies collected by County Officials have been properly accounted for and deposited to the proper fund.

AND NOW HAVING completed our deliberations, we beg leave to be discharged until further Orders of the Court.

Respectfully submitted,

FOREMAN OF THE GRAND JURY
